Agency owner offers refunds or jobs to Baldwin applicants

By BRENDA HEATHCOCK
The Boudreaux Employment Agency in Kiln is offering refunds to individuals who paid a fee to file an application for Baldwin Aircraft.

Marilyne Boudreaux, agency owner, said refunds are available or jobs in other areas can be found.

Boudreaux said she was glad to comply with a request by the Hancock County Sheriff's Office Wednesday that the agency not take any more applications until an investigation could be made into the

agency's agreement with the aircraft company.

The sheriff's office began investigating the incident after a complaint was filed against the agency.

Boudreaux said she had received three telephone calls from a person who identified themselves as "Mr. Baldwin" regarding the agency taking the applications.

In the first call Boudreaux said she was given some background on the project and told the company would need 1,200 to 1,500 workers for jobs at the proposed facility.

According to Boudreaux, another call the same day informed her that she was to begin taking applications and a call on the following day requested 1,500 applications by Dec. 16.

Boudreaux said she was just trying to help the people in the area and had no reason to doubt that the person who called her was authentic.

Baldwin plans to construct an aircraft-production plant at Stennis Airpark within the next year that would offer 1,200 initially and eventually have a workforce of 5,000.

Supervisors hand job complaint to port and harbor director

BY DENA BISNETTE
The Hancock County Board of Supervisors has turned a complaint concerning alleged lay-offs of Hancock Countians from a stevedoring firm at Port Bienville over to Port and Harbor Director James DeBlanc.

DeBlanc told the supervisors he would investigate the matter after obtaining further information from

about 12 workers who appeared before the board Friday.

Fritz Ladner, who served as spokesman for the group, told the board the problem originally started when about 18 workers at Hancock Terminal, a stevedoring business leased from the county, began having "problems getting paid."

"Then they wanted to work us straight time for more than eight

hours without paying overtime," he explained.

He alleged that breaks had been cut down as well.

"They were using us up," he commented.

Ladner also alleged that workers from out-of-state have been hired and are being paid more than the 18 Hancock Countians.

Woman trapped in vehicle after Highway accident

By ELLIS CUEVAS
Rescuers spent over one hour Thursday morning using the 'Jaws of Life' to free a Pearlinton woman involved in a one-car accident on Highway 604 one-half mile south of Highway 607.

Mississippi State Trooper Curtis Newman said, Mrs. Betty C. Boutwell, a school teacher, was traveling north on Highway 604 when her vehicle slid off the road in a curve and struck the corner of a bridge about one-half mile from Highway 607.

Mrs. Boutwell was reported in a stable condition by a Garden Park Memorial Hospital spokesman late Friday after she was transferred there from Hancock General Hospital on Thursday.

After the impact, the vehicle slid down an embankment and stopped with a portion of it in water.

The 'Jaws of Life' was transported to the scene by Waveland Patrolman John Wilkerson Jr.

Dominic Sanfillippo and Steve Garber were among the rescuers using the 'Jaws of Life' to free Mrs. Boutwell's leg, which was reported 'trapped in the floor board' of the vehicle.

The accident occurred at about 7:30 a.m. and was reported by a Picayune motorist to authorities at

the National Space Technological Laboratory, Newman stated.

"The passing motorist was not familiar with the area, and that is the reason for him going so far for a telephone," Newman added at the scene.

Mrs. Boutwell was attended by Mobile Medic technicians as rescuers worked in a drizzling rain for over an hour, taking the vehicle apart piece by piece in order to free her foot.

The vehicle, a 1985 Oldsmobile Cutlass, was removed from the scene by Johnny Perniciaro Wrecker Service.

Anderson bid selected for construction of jail

BY DENA BISNETTE

A Gulfport firm has been selected as contractor for the construction of Hancock County's new jail.

Roy Anderson Jr. was low bidder on the project with a price of \$2,291,000. In addition, Anderson's bid included the lowest time estimate for the project, 365 calendar days, of the five bids opened Friday by the board of supervisors.

Jail Architect Fred Wagner, who assisted the board in evaluating the bids, said Anderson's price was lowest even when eight alternates to the base bid were considered.

He recommended that six of the proposed alternates be accepted, reducing the bid from the original \$2,325,000.

Those alternates include deductions of \$17,100 for omission of padding in a lunacy cell; \$13,400 for omission of an epoxy coating for the second floor and some paint work; and \$19,400 for various electronic communication and security systems.

Provisions will be made for later installation of the security systems when electrical work is done, Wagner said.

The supervisors approved authorization for Board President A.A. Kellar to sign the contract Friday and expect to be able to issue a

work order before Christmas.

Construction will begin within 10 days after the work order is issued.

The jail is to be constructed on Court Street on county property behind the Sea Coast Echo and

will replace the present county jail.

Construction costs will be paid through a \$2.5 million bond issue passed last year. The remaining funds will be used for architectural fees and other construction-related costs.

St. Joseph oyster reef to open Monday

The Commission on Wildlife Conservation Tuesday approved the opening of several oyster reefs in the Mississippi Sound.

Following the clearance of these reefs by the Mississippi Health Department and with the concurrence of the Department of Wildlife Conservation/Bureau of Marine Resources, the following reefs will open for harvesting of oysters on Monday, Dec. 16, 1985 at sunrise, according to Dr. Richard L. Leard, Director of the Bureau of Marine Resources.

Opening for dredging of oysters in the Hancock County area, will be the St. Joseph reef. This reef is located near the Louisiana-Mississippi line.

Twenty-five sacks per boat per day will be allowed with boats checking out each day with Marine Enforcement officers located on the reef or at the Pass Christian Harbor.

Checking out will be completed prior to sunset each day.

Dr. Leard further stated that all reefs located in the Jackson County area east of Crooked Bayou to the Mississippi-Alabama line shall be open to tonging with a limit of three (3) sacks per boat day.

Check out each day will also be completed prior to sunset, at the appropriate locations in Jackson County, with enforcement officers of the Bureau of Marine Resources.

Supervisors, wastewater board call for second joint meeting

BY DENA BISNETTE

The Waveland Regional Wastewater Management District Board and the Hancock County Board of Supervisors plan a second joint meeting to work on an ordinance allowing individual wastewater treatment plants.

The two boards met jointly Wednesday to discuss the ordinance, which was one of several provisions outlined by the State Board of Health and the Bureau of Pollution Control for solving a problem with obtaining sanitation permits.

The problem was brought to the attention of the supervisors several weeks ago by a group of realtors who complained that they have been unable to continue selling property with federal financing.

Federal financing requires a sanitation permit and County Sanitarian Louis Fernandez said

that septic tanks cannot be permitted in much of the county because tanks do not work adequately with existing soil conditions.

The Bureau of Pollution Control agreed to give the wastewater district the authority to permit alternative systems if a suitable ordinance can be provided.

A general ordinance, similar to those used in other coastal areas, was presented to the two boards by Wastewater District Attorney Lucien Gex.

The two boards discussed the ordinance and found that the major problem with adapting it to Hancock County is lack of a provision for central sewerage later.

The wastewater district is currently working on a project that will link the Bay St. Louis and Waveland systems and incorporate several of the county's more populated sub-

divisions.

Others may be incorporated later as population increases, or small central sewerage systems may be established.

The two boards are faced with the problem of providing funding for central sewerage in those areas not included in the current project as well as providing for phasing out the individual onsite wastewater treatment systems that will be permitted in lieu of septic tanks and central sewerage.

Except for areas with special authority such as that being provided to the district, alternative systems are currently permitted only in rural, isolated areas.

The individual board members, according to Gex, will submit their comments on the proposed ordinance at the second joint meeting.

TRAPPED—Rescuers are busy in efforts to free Mrs. Betty C. Boutwell of Pearlinton after her vehicle struck the corner of a bridge on Highway 604 Thursday morning. Hancock County Deputy Sheriff George Burlington, left, tugs at a door as Mobile Medic technicians attend Mrs. Boutwell, and

Culvert to be replaced on Lower Bay Road

Traffic on Lower Bay Road near the intersection of US-90 will be rerouted Wednesday as a culvert is replaced, State Highway Superintendent Tom Moody reported Friday.

Moody said the 15-inch culvert currently in place is being replaced

with a culvert twice that size.

"This is to help relieve some of the drainage problems in the area," Moody said.

Moody added that he knew this would not solve drainage problems in the surrounding area but believed this would reduce the problem.

Hancock Insurance Agency has new branch, adds Coastal

With the recent purchase of the Coastal Insurance Agency, Hancock Insurance Agency now has two branches in Bay St. Louis.

E. J. Marengo, former Coastal owner, reported that he will still be working in the insurance business as director of sales at the Coastal Branch of Hancock Insurance at

Shieldsborough Square.

All commercial accounts have been relocated to the branch at 309 Shieldsboro Square, reported Rick Eagan, general manager of Hancock Insurance Agency.

The Main Street branch will continue to serve the non-commercial customers.

THE PRICE OF DISCIPLESHIP (NO. 1)

"Then said Jesus unto his disciples, if any man will come after me, let him deny himself, and take up his cross, and follow me" (Matt. 16:24).

It is an honor to be a disciple of Christ. A disciple is one taught or trained (Young's Analytical Concordance of the Bible). W. E. Vine says that the word disciple "denotes one who follows one's teaching, as the disciple of John, Matt. 9:14." (Expository Dictionary of New Testament Words). Privileges are granted unto the disciple and blessings descend upon him in time and eternity. But in order to be a disciple and to attain these favors, a price must be paid. What is the price? The answer is found in our text.

Self-restraint is a price which must be paid. "Let him deny himself," said the Master. This does not mean one should torture his body and refuse life's joys. It does mean that he must curb his lower self and exercise self-control. Of what is a disciple required to deny himself? Paul said that the grace of God hath appeared "teaching us that denying ungodliness and worldly lusts..." (Tit. 1:12). John urged, "Love not the world, neither the things in the world. If any man loves the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh, and the lust of the eyes and the pride of life, is not of the Father, but is of the world" (1 John 2:15-16).

This is not a heartless restraint imposed by an arbitrary power. (1) Self-control is a law of development. The person who disregards it does not grow. (2) It is a law of protection. He who ignores it is exposed to injury. "But I keep under my body, and bring it into subjection: lest by any means, when I have preached to others, I myself should be a castaway," Paul said. (1 Cor. 9:27) (3) The Master denies us of "ungodliness and worldly lusts" for the same reason that a mother denies her child of unwholesome food or poisons. Every command is given through love for our good.

The price of discipleship requires self-sacrifice. Jesus said, "And take up his cross." There are three words which convey to the mind the darker experiences of life. They are:

(1) Burdens. Burdens are the inevitable cares and strain of daily life. (2) Thorn. A thorn is a limitation. It may be mental or physical. It is that which makes life miserable and duty difficult. Paul had one. He said that he was given "lest I should be exalted above measure through the abundance of the revelations..." (II Cor. 12:7). Paul prayed three times for it to be removed.

The Lord answered, "My grace is sufficient for thee; for my strength is made perfect in weakness" (II Cor. 12:9).

Paul responded, "Most gladly therefore will I rather glory in my infirmities, that the power of Christ may rest upon me" (II Cor. 12:9).

Now! Two convenient locations in Bay St. Louis

Main St. and Shieldsboro Square

We are pleased to announce the opening of our Coastal Branch (formerly Coastal Insurance Agency). Located at Shieldsboro Square, it's very convenient to the commercial district on Highway 90. We hope you'll visit us for all your insurance needs: Business, Home, Auto, Life and Health.

Planning today for the eventual tomorrow.

David Riemann, President

We all plan for the future, plan for our homes, our families. Plan that we will work together to make tomorrow better. We all participate in planning today for the eventual tomorrow. From our earliest years, plans for the future have played an important role in our lives as the hopes and dreams of today become the realities of tomorrow.

As we plan for the future, a will, a trust, insurance and a funeral plan provide the four cornerstones of family security. Caring families consider future needs by making funeral arrangements in advance of need. They have found that a prearranged and prefinanced funeral plan can be a valuable and protected investment as well as being one of the simplest ways of caring for their family.

Planning ahead just makes good sense.

Trees expected to be plentiful

Proper selection and care necessary for natural tree

By Margaret Wallace
Cooperative Extension
Service

Christmas is a time of family gatherings, toys and presents and beautifully decorated trees. As a result, many people carefully choose the most appropriate tree for their family and home.

In 1984 consumers bought about the same number of natural and artificial Christmas trees, according to consumer surveys by the National Christmas Tree Association.

Natural and artificial trees were each used in 38 percent of American homes, while 22 percent reported they did not use a tree.

Sales of natural trees in 1985 are expected to increase slightly to 32 million trees sold throughout the nation.

Many Mississippians have chosen natural trees in past years and as a result there are many Christmas tree growers in the state.

"Demand and supply are in pretty good balance in Mississippi," said Bob Daniels, Extension forester. "Christmas tree growers didn't have a significant oversupply last year. In fact, most sold all they had."

Since most homeowners select their natural Christmas tree as if it were a major purchase, a few tips on selecting the most appropriate tree should prove helpful.

The first step is to buy the freshest tree possible. This is important since the tree may be kept in your home for several weeks.

"Look for soft sap on the cut as a sign of freshness," Daniels said. "Then bend a needle between your thumb and forefinger. If the needle is flexible and bends without breaking, the tree is fresh."

Daniels said the best way to ensure a fresh tree is to cut it yourself. Information about "choose and cut" Christmas tree plantations in Mississippi is available at the county Extension office.

Once you have selected the tree that will best fit the space in your home, take it home in a covered vehicle or in the trunk of a car.

"The wind will dry out a tree that is carried on top of a car," Daniels said. "A five or 10 mile trip on top of a car can turn a fresh tree into a disappointment."

Store the tree outside in a place

that is protected from the sun and wind if the tree is purchased several days before it will be set up in the home.

"Cut the butt of the tree at a slight diagonal about one inch above the original cut to open the pores and help absorb water," Daniels said.

Then bring the tree into the house, cut the butt again and square off the diagonal. This will help the tree continue to absorb water and make it easier to place in a stand.

The base of the tree should be in a container of water as long as it is in the house. Refill the container daily since a natural tree may drink between two pints and a gallon of water per day, Daniels noted.

"If you allow the water to drop below the trunk, a seal will form just as it does on a cut flower and a new cut will be necessary," Daniels said. "Adding an aspirin to the water will help keep the pores in the trunk open and make it easier for the tree to soak up water."

The trees should be kept in a cool room, away from fireplace, radiators, electric heaters, televisions or any other source of heat.

Quotables by CUEVAS

It was heart warming on Thursday morning watching the 'tender loving care' being taken by rescuers as they freed a trapped motorist by using the 'Jaws of Life'.

Ironically, only last Saturday morning classes were held in Waveland by firefighters in the use of 'Jaws of Life'.

Numerous classes have been held for the past several years after the purchase of three sets of 'Jaws' was made possible by contributions of so many.

Since their arrival, numerous times the use of the 'Jaws of Life' have helped in freeing persons trapped in vehicles.

Practice makes perfect, as the old saying goes, and we are very fortunate in Hancock County to have so many dedicated public servants.

We feel they should know we appreciate the very fine job they do for our citizens.

Come next Saturday we are hoping there will be many Hancock County autos and trucks in need of a wash job.

The reason is because county and city officials are scheduled to conduct a car wash on the parking lot of Hancock Bank's US-90 Branch in Bay St. Louis with proceeds going to one of our favorite agencies, the Hancock County Doll and Toy Fund.

The benefit car wash will be from 10 a.m. to 2 p.m., and we are hoping the time will have to be extended by popular demand.

The recent storms and high unemployment rate in the county have really added to the number of deserving children, who will have a happier Christmas because of the local Doll and Toy Fund.

Bay Fire Chief Andrew Lizana, director of the Doll and Toy Fund, and his firefighters have been working hard getting ready for Christmas Eve.

More names of deserving children have been received this year than ever before, according to Lizana.

We know many folks have made contributions to the Doll and Toy Fund, and some have even bought new toys, while others have provided used toys which are reconditioned by firefighters.

This is a community project, because it involves deserving children living in Waveland, Bay St. Louis and the county.

Persons wanting to make a contribution of toys or money can do so at the Bay St. Louis Fire Station, Old Spanish Trail and Bookter Street, Bay St. Louis.

We hope there will be many deliveries to be made on Christmas week by Hancock County deputy sheriffs and Bay St. Louis and Waveland patrolmen.

The Annual Christmas Tree Lighting at the Bay St. Louis City Hall is scheduled for Monday, December 16, 5:30 p.m.

Santa is expected to arrive on top of a fire engine after a ride through town and then take wishes from each child.

As in tradition, children of the community are asked to bring their personal ornament to hang on the City Hall Christmas Tree.

This will be a good time for parents to have their children visit with Santa.

Mayor Victor Franckiewicz and city councilmen are hoping to see many children at the big event.

Drunk and Drugged Driving Awareness Week proclaimed

Gov. Bill Allain has proclaimed Dec. 15-21 as Mississippi Drunk and Drugged Driving Awareness Week.

The proclamation corresponds with a joint congressional resolution designating the week as National Drunk and Drugged Driving Awareness Week. This year's theme is "Because We Care," and the observance will focus upon responsibilities of servers in commercial establishments and homes.

"Drunk and drugged driving have roles in more than half of Mississippi's highway fatalities," said Roy Thigpen, director of the Department of Criminal Justice Planning, Governor's Office of Federal-State Programs. "Last year, this most serious of all Mississippi traffic problems likely accounted for 420 deaths on Mississippi highways, streets and roads."

He noted that "there's a particular need to focus our attention during the holiday season on responsible and safe driving as Mississippians travel throughout the state to visit their families and friends. The most important step is not to mix drinking and driving, but it's also important to drive defensively in

avoiding crashes by other drivers who are driving under the influence of alcohol and drugs." Thigpen recommended that:

--Persons in commercial establishments where drinks are served urge bartenders to send over-imbibers home by alternative transportation, such as dial-a-ride, designated drivers and taxicabs.

--Hosts not be overly generous with alcoholic beverages, provide plenty of hearty food, stop serving drinks early and offer to drive tipsy individuals home or invite them to spend the night.

--Individuals be careful about mixing alcohol and drugs. Taking one antihistamine with one drink, for example, doubles the impairment effect of both.

--Any observation of suspicious driving be reported to the police. This includes weaving, straying off the road or over the center line and erratic braking.

--All occupants of vehicles wear occupant restraints.

"You're not being kind to a person by permitting the individual to drive after drinking alcoholic beverages or taking drugs," Thigpen said,

NEW NEIGHBORHOOD WATCH—One of the newest Neighborhood Watches to be formed in Bay St. Louis is the 500 blocks of deMontluzin and Genin Streets. The group held its final formation meeting Tuesday. Those in photo are from left, Greg Richardson, Police Captain James Clark, Patrolmen Rita Blaize and Don Oeso; Joelle and Clyde Bivens. The block captains are Richardson and his wife for Genin, and the Bivens are

for deMontluzin. Capt. Clark reports the Bay Police department has completed the formation of five Neighborhood Watches and two more are in process. The signs for the area are scheduled to arrive this week. Residents interested in forming a Neighborhood Watch in their neighborhood can reach Clark by calling 467-9221. (Staff photo by Ellis Cuevas).

WHO'S DRIVING HOME?

Alas, the party's over. The music is playing softly in the background, friends are saying good night and the clean up detail is beginning. But for Brian, Jennifer, Tracey and Rick, who added drinking to their evening, a decision has to be made. Approximately 46 teenagers will be killed this year in Mississippi by drinking and driving or riding with someone who does. It's your choice.

ECONOMIC EXPERTS RECOMMEND CHANGES

Department of Economic Development Director Jerry McDonald and a group from the Mississippi Industrial Development Council recently made a report to the state Board of Economic Development, suggesting a new course for growth in our state. The report, entitled "Mississippi 2036," is based on the premise that our state is no longer largely an agricultural economy.

While agriculture is still an important facet of our economy, no longer can we build our entire economic program around farming.

The report is to be commended for taking a first-ever look at Mississippi's future in terms of economic development. Only by projecting such long-range planning can our state be prepared for the problems of the next century.

The "Mississippi: 2036" report focuses on seven areas of concern in economic development:

-- Human resources should be developed, with special emphasis on education and full implementation of the Education Reform Act of 1982.

-- Strategic infrastructure development is urged to support job-creating programs like the incubation centers, public works revamping, and more attention or an organized system of port development.

-- Review of the state's business climate should occur to help the state attract new business and assist existing businesses.

-- Natural resources should be

developed to help in the processing and conversion of agricultural products into consumer goods.

-- Public and private linkages should be created for private-sector support at the state level.

-- Innovative financing programs should be explored.

-- Governments should be reorganized to increase effectiveness, including allowing for gubernatorial succession.

All these suggestions will be reviewed by the Board of Economic Development in coming weeks and months. More importantly, we will continue to look forward to predict the problems of the future and try to find solutions to those problems today.

Assessors endorse tax break move

Senator Nevin Sledge of Cleveland said that a proposal designed to give property owners a break on their ad valorem taxes has been endorsed by tax assessors throughout the state.

"We have met with numerous tax assessors and legislators throughout the state in developing this proposal," Sledge said. "Since 46 Senators co-authored a similar proposal during the 1985 Session, we are sending them this proposal in hopes that they will again join in sponsoring the legislation. The tax assessors are enthusiastically in favor of it 100 percent, and their state association has endorsed it."

Sledge noted that following reappraisal of property, which was ordered by the state Supreme Court, many homeowners' ad valorem tax bills went up by a substantial amount because the burden was shifted from utilities to homes.

The Senator has authored a proposed Constitutional Amendment which would change the classes of property and the rate at which they

are assessed.

Sledge explained that there are presently four classes of property -- real and personal which are assessed at 15 percent of value and utilities and motor vehicles which are assessed at 30 percent of value.

"The proposal basically pulls the agricultural and forestry land out of the real property category and places them in a new category which would be assessed at 15 percent of true value. The real property category, which includes homes, businesses and improvements on farms and commercial property, would be assessed at 10 percent of true value. These items have historically been assessed at about seven percent throughout the state. While this plan would not put it back to the assessment rate before reappraisal, it would give some relief from the present 15 percent rate," Sledge said.

He added that in the plan personal property would be assessed at 20 percent, and bank intangibles,

motor vehicles and public utility property would be assessed at 30 percent.

"The beauty of the plan is that it can be instituted using our present forms -- we will not have to change the land rolls, the State Form Recaps, or the property record cards used in the new appraisal system. Thus, we will not have the expense of purchasing new forms or retraining tax assessors and their staffs," Sledge said.

"But most importantly, we have worked up examples that prove that this plan will give relief to our homeowners in all parts of the state who are suffering under the heavy burden of unduly high taxes," he said.

If the proposed Constitutional Amendment passes the Senate and the House of Representatives by two-thirds vote, then it will be placed on the ballot in the statewide election to be held on June 3, 1986.

Actors excel in Diamondhead production

By EDGAR PEREZ

Diamondhead Little Theatre's recent production of 'Romantic Comedy' by Bernard Slade was a masterpiece of both romance and comedy, presented charmingly in the compact, curtainless setting of a country club dinner playhouse.

Leading players Clem Acker of Diamondhead and Claudia Lake of Keesler Air Force Base, with the support of an additional four-member cast, skillfully entwined the SRO audiences with the joys and sorrows of love restricted by previous commitments.

But the heartaches are assuaged by timely comic relief, with that timing reflecting the subtle touches of director Nan Patton Ebright.

Protagonist Acker as Jason Carmichael yanked the drowsy, after-

dinner audience into an alert animosity as he became the most hateful character one has ever met—a worm, a jerk, unfeeling and bottled up inside himself.

Acker exuded a truly professional stage presence in Act I as he evolves from nude to fully dressed with aplomb on the tight little stage and virtually in the laps of the front row patrons.

An oceanographer at NSTL and president of Diamondhead Little Theatre Board of Directors, Acker also has appeared here in 'Wait Until Dark' and 'Here Lies Jeremy Troy.'

Previously he had performed with Capitol Hill Players in Washington, D.C. and the Arizona Corral Theatre.

Lake, in the midst of a

characterization of credible innocence, masterfully stumbled her way through a drunk scene.

Lake is a true heroine in the representation, her warmth and innocent love for Jason only highlighted by his dreadful responses.

Her relentless perkiness almost brings her romance with Jason to fruition.

A U.S. Air Force lieutenant at Keesler, Lake holds a bachelor's degree in theatre arts from University of Wyoming and a master's in drama from University of Arizona.

She has worked in summer stock and films in California and served as an extra in the TV series 'Bay City Blues.'

Clarice Gustin as Blanche Dailey turned in her first stage perfor-

mance since her high school days. She was stuning in her smashing outfit from L. L. Ltd. of Diamondhead.

In a theatrical debut, Mark Thomas of Diamondhead was eloquent as Leo Janowitz, especially in a ringing exit speech.

Bringing the polish of experience to the production were Anne Patricia McKendrick of Long Beach and Dorothy Rickson of Diamondhead.

Technical staff for the show included Ricky Thorpe, producer-stage manager; Ed Scanlan Jr., set design; Peter Smith, technical design; Edna Blackwell, properties; and John McKendrick and George Smith, lights and sound.

Other contributors include Bridalair, The Golden Parrot, The Sea Coast Echo and The Sun Herald.

Governor proclaims 'Love One Another' Christmas campaign month

Gov. Bill Allain has called upon Mississippians to help the state's needy families during the Christmas season and throughout the year.

Allain signed a proclamation designating December as "Love One Another" Christmas Campaign Month in the state. "I urge all Mississippians who can to participate in some project designed to help the needy families throughout our State during the Christmas Season," the governor stated in his executive proclamation.

This is the second year that Allain has asked Mississippians to help needy families within their communities during the holiday season. Last year's response was "overwhelming," the governor said. "As a result, hundreds of Mississippians had a Christmas they would not have otherwise had."

Projects involved in the campaign include adopt-a-family, food drives and fundraising. As was the case last year, the Governor's Office will adopt two needy families from the Jackson area to assist this Christmas.

"We are asking you to begin now in contacting charitable organizations in your hometown," Allain said. "They can provide you with names of families who need food, clothing or toys. Or your organization or group can collect money to contribute to specific charities."

"With the people of this state who are enjoying prosperous times helping those who are not, we can all work together to move Mississippi ahead and make life comfortable for everyone in our state."

Allain sent letters to city and county officials, state agencies, businesses and private organizations asking them to join in the campaign.

Although the campaign coincides with the holiday season, Allain stressed that the need to help less fortunate Mississippians should be a year-round concern.

Diamondhead Krewe crowns 1986 royalty

The Krewe of Diamondhead held their annual Coronation Ball on Saturday, Dec. 7, at the Diamondhead Country Club. The festivities began with the announcement of the 1986 Royalty, King Ali'i Honua X Vincent Almerico Sr. and his Queen Ann Neff, by the Master of Ceremony, Stan Robert.

The 1986 royal couple was presented by Captain Benny Mistretta, King Ali'i Honua XI, Clifford Thomas Satterlee, and Queen Laura Almerico preceded to the throne to be crowned, followed by a promenade around the floor.

After the toast by the captain to the royal couple, Mistretta declared the 1986 Mardi Gras festivities in Diamondhead had commenced.

Robert introduced the 1986 King and Queen of the Sea, King Akuaki XI Robert Calvey and Queen Jean Keen and King Akuaki X Bud

Freeman and Queen Mary Lou Freeman.

Mistretta presented the past Kings and Queens: King Ali'i Honua I Joe Salvatore; King Ali'i Honua III Bob Pfingfelder; King Ali'i Honua IV Clyde Bonwell and his Queen, Sylvia Pross; King Ali'i Honua VI Al Doussan Jr.; King Ali'i Honua VII Jack Boudreaux; King Ali'i Honua VIII Tommy Heier and his Queen, Hilda Bourg; and King Ali'i Honua IX Jerry Bourg and his Queen, Lorraine Heier.

The Dukes to his Majesty were announced and they are Mac Casse, Dr. John Booth, Frank Fortier and Tommy Heier.

Saturday morning began with a parade of cars to the homes of the King and Queen to present flags to be flown throughout the Mardi Gras season denoting their royalty.

Home health industry growing

A burgeoning new segment of the Health Care Industry is allowing more than five million elderly, infirm, disabled or dying Americans to receive health and social services in the comfort and privacy of their own homes.

The Home Health Industry, which is currently serving the needs of 30,000 Mississippians, is a direct result of a nationwide movement to find less expensive and more humane ways to provide health care to our growing elderly population.

"Congress and Federal-State Health Planning Agencies are finally discovering what we have known all along: Home Care supports the dignity and independence of our most vulnerable by keeping them out of hospitals and nursing homes for as long as possible," said Elaine M. Burchfield, President of the Mississippi Home Health Association.

"It keeps families together and offers a compassionate and low cost way to care for our loved ones," she reported.

The Mississippi Legislature, under severe budgetary pressures, is presently seeking alternatives to traditional high cost health care delivery systems, and home health care appears to be a viable cost-cutting, Mrs. Burchfield reported.

"In an era of skyrocketing health care costs, home care offers an excellent alternative to institutional care both because it is less expensive and because it encourages the self reliance and cooperative effort upon which this nation is founded," she said.

Persons needing information about Home Health Care should contact: Mississippi Home Health Association, 455 N. Lamar Street, Suite 410, Jackson, Mississippi. Telephone 353-0015.

Complaint..... CONTINUED FROM PAGE 1A

"We were let go and told that the terminal is now hiring on a daily basis," he explained.

Board Attorney Walter Gex III advised the group to turn the matter over to the State Labor Board in an effort to obtain back pay for overtime hours.

However, the supervisors authorized DeBlanc to look into the matter as well, with Board President A.A. Kellar saying that he felt the problem should be a county concern since the terminal is leased from the county and is located on county property.

"These people have been working there for seven or eight years, and if now they're being run off, something stinks," Beat Three Supervisor Roger Dale Ladner said.

DeBlanc stated that he had not known about the problem until Friday morning, when he discussed the matter with the workers who appeared at the board meeting.

In addition, the board heard complaints from a BaySide Park resident concerned about the lack of stop signs on Jasper Street.

Eugene Aronstein told the board that Beat One Supervisor Bert Courge had informed him about three months ago that stolen signs could not be replaced at that time for lack of funds.

"He told me he had had to lay off three of his workers and that he was out of money," Aronstein said.

He said the signs have not been replaced yet and told the board he considers lack of stop signs a hazard, particularly on Jasper Street where vehicles travel at high speeds.

Courge said signs are expensive to replace, particularly when the county has a severe theft problem apparently concentrating on road signs.

He said the county has experimented with various types of poles, bolts and anchors to keep signs in place, but efforts have not been successful.

"The other day we were on the State Aid Road Program inspection and we passed a sign on Lakeshore Road and I remarked that it had been there longer than almost any of our signs. It was so old it had a wooden pole," Courge said.

"When we came through on the way back, the sign was gone. Somebody must have decided he needed that wooden pole."

No action was taken on the problem.

Also addressing the board was Bay St. Louis Fire Chief Andrew Lizana, who requested the board's assistance with the annual doll and toy fund drive.

He said the number of needy children requesting assistance from the fund has grown faster than contributions.

The board is unable to contribute to such funds under rules imposed by the State Auditor's Office, but individual board members agreed to take part in a fund-raising carwash Dec. 21 at Hancock Bank.

In other business, the board:

—Took bids on preparation of prisoner meals for the Hancock County Jail under advisement and extended the current contract until bids can be evaluated;

—Accepted the resignation of Deputy Don Coss and approved Sheriff Ronald Peterson's recommendation to hire Joe Pica, formerly an investigator with the Bay St. Louis Police Department;

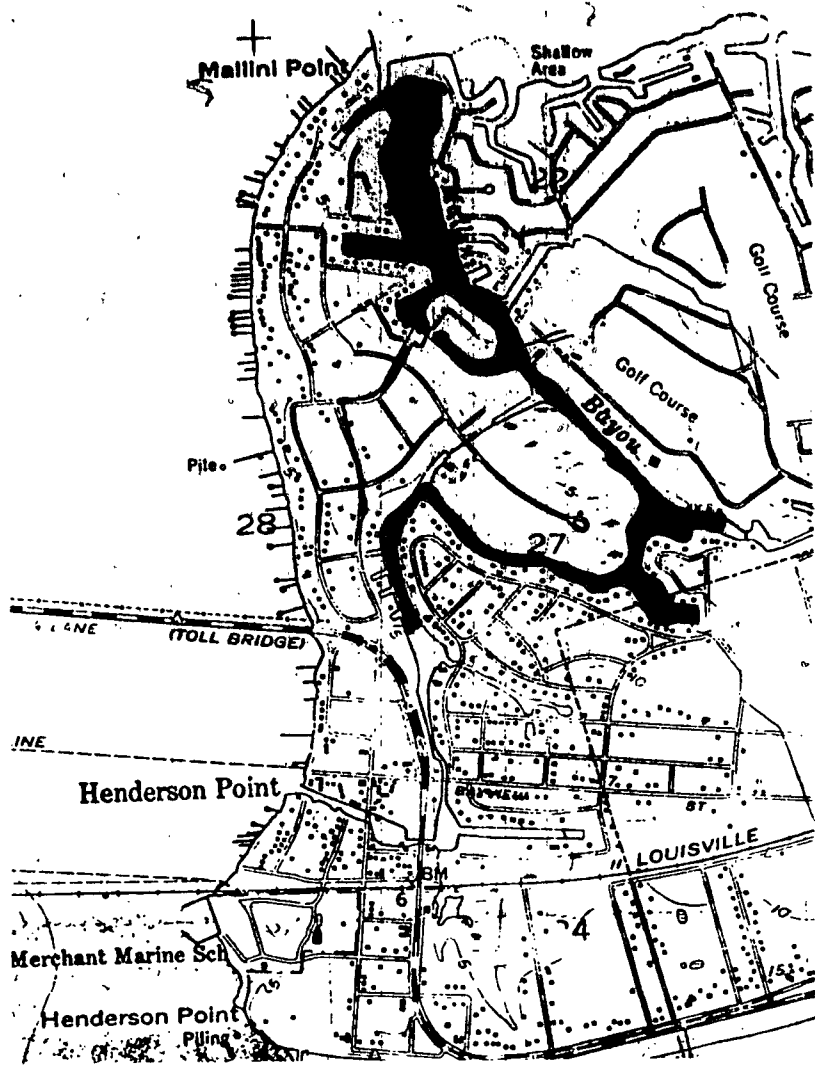

—Received a report on anticipated tax collections from Tax Assessor and Collector Edward Murtagh;

—Approved a proposal by Hancock County Park Commissioner Mary Caillier to name the pavilion in McLeod Park for Norton Haas Sr.;

—Authorized Walter Gex III to defend the county in a suit filed by Bond Paving, a subcontractor dropped from the Hancock Medical Center Project; and

—Agreed to request assistance from the State Highway Department to alleviate a speeding problem on Lakeshore Road at Gulfview Elementary School.

The board meets again Jan. 6.

Pass flotilla to serenade Bayou Mallini residents

In keeping with tradition, Flotilla 35, Coast Guard Auxiliary, Pass Christian, again will serenade their many friends and neighbors in the Henderson Point and Pass Christian Isles area.

The parade starts at 7 p.m., Dec. 21, and will continue until all have been serenaded.

The flotilla gaily decorated with Christmas lights will leave the Henderson Point area and will continue through Bayou Mallini until all have been serenaded.

"To insure that the flotilla stops at your residence, please turn on your porch and dock lights," said Avery Katz, flotilla spokesman.

"This is the auxiliary's way of expressing and sharing Christmas with you," Katz added.

The shaded area on accompanying map shows the portions of Bayou Mallini to be covered by the parade.

Point of Law

(Prepared by the Mississippi State Bar. Some legal rights may vary from locality to locality. Always consult an attorney when in doubt about your rights.)

Q. When can a landlord keep a tenant's security deposit?

A. Tenants are frequently required to put up a security deposit with the landlord, which the landlord holds until the tenancy is ended.

A landlord is entitled to retain part or all of a tenant's deposit to cover any rent still owing by the tenant and as reimbursement for any actual damages to the house or apartment by the tenant.

If no rent is still owed and if there are no damages to the apartment, the landlord is not entitled to retain any portion of the deposit.

In addition, the landlord may not retain the deposit to cover ordinary wear and tear on the house or apartment.

Q. When can a landlord increase a tenant's rent?

A. Whether a landlord can increase a tenant's rent depends upon the type of rental agreement between the landlord and tenant.

If the tenant and the landlord have agreed that the lease will last for a certain period of time, then the landlord cannot increase the tenant's rent during that period unless the tenant agrees to the increase.

However, if the tenant and the landlord have not agreed upon any specified length of time for the lease, the landlord may increase the rent by giving the tenant the proper amount of notice of the increase.

If a tenant is renting an apartment or house on a monthly basis, the landlord must give the tenant seven days written notice of the rent increase.

If the tenant does not want to pay the increased amount of rent, he may treat the notice of increase as a notice to terminate the tenancy and move from the house or apartment.

UNRECOGNIZED PINCHED NERVES

Pinched nerve is a term utilized by the Chiropractic profession describing an irritation disturbance of a spinal nerve. Falls, auto accidents, lifting wrong, may cause a displacement of a spinal bone, which then can pinch nerves and interrupt normal nerve function. Some of the more common complaints that may develop from pinched nerves are: dizziness, headaches, nervousness, pains in the chest, stomach, neck or back. Often, a person may not associate his condition with pinched nerves thus allowing these conditions to go unrecognized until an advanced state of illness develops. A competent Chiropractic examination will lead to early detection and the application of care will aid prompt recovery.

DOWN HOME

by DARLENE UNDERWOOD
Hancock County Extension Home Economist

Let's do a walk through on holiday safety. So company is coming. What could go wrong or rather, what couldn't?

HOME: Check any special lighting wires; often and don't leave the house or go to sleep with them left on. Keep bulbs away from decorations, paper gift wrap, or anything that might burn easily. Candles should not be close to combustibles or left burning unattended.

Fireplace screens should be used and keep children away from wood heaters. Check your heaters and heating system before you try to heat the whole house:

1. Is it clean and operating well?
2. Can children turn on gas or electric heaters in unused rooms of the house?
3. Are wood heater chimneys cleaned of creosote?
4. Do you have "special" instructions for using kerosene heaters in an emergency?

How about the walkways. Are they clear and clean? Some people may need help with stairs and steps, even if rails are there. Inside the house, traffic areas need to be clear and wide during crowded times and well lit, especially near obstacles or steps.

Overnight stayers need to get acquainted with the character of your house and any hazards that it may hold for them, whether they are elderly, children, or in between. Especially note when your house is different from theirs, such as porch drop offs, balconies, stairs, and upstairs windows. Give them basic instructions in case of fire and check the smoke detectors. Why? Because more lives are in the house and more possible sources of fire.

CHILDREN: Keep children away

from driveways and roads. If older kids ride toys in the driveway, make sure they cannot ride or coast out into a road or street. An adult should supervise the kids at play; this means watch and instruct, not sit in the house and wonder what they are doing! Match the kids to their toys, to their activity, and to where they play.

One of the best safety tools is to organize kids activities into games. Example, don't let the kids play on the wood pile, but let some of the older ones stack wood or deliver it into the house. Have off limit areas, such as no playing around the roads. Lock the storage rooms where the lawn mower, chainsaw, and other power tools are stored.

Guard chemicals, hoses, and rakes and keep the children away from farm and heavy equipment. Take the key out of all tractors or other power equipment. Any three wheelers, bicycles, go-carts, or motor bikes should be disabled unless a responsible adult is supervising their safe use.

Beware of visiting kids on vehicles that invite others to joy ride when:

1. on vehicles where only one should ride.
2. helmets are needed for safety.
3. vehicles should not be on the road.
4. adult supervision is needed.
5. vehicle may be too large or too fast for some children to use, such as some three wheelers.

Are little children about? Then check for poisonous materials that may be within their reach. Move little mouth size decorations and things about the house that they might want to chew on and accidentally swallow.

Keep Christmas lights and decorations out of their reach or keep them back from these decorated areas. Don't let little ones wander out with the older kids; invariably they get hurt because they can't do what the older ones do.

Cover unused plugs and keep kids away from electric wires, appliance controls, places to climb and fall, and things that they can pull over them such as a Christmas tree or a set of book shelves. Don't let children use fireworks and adults should try to follow directions for safe use.

TOYS AND GIFTS: Children's gifts should be selected with safety in mind:

1. Do I have a place where they can use it?
 2. Is it too complicated for them?
 3. What can hurt them?
 4. What do I know about this toy?
- Can you assume it is safe? NO! Do some checking around and read about it if it is a new type of toy. Check the operation manual. Even adults know toys and gifts can be hazardous unless directions are followed.

A prime time for accidents is during the exhilarating moments right after gifts have been opened, when you want to try the new food processor or whatever before reading all instructions.

Also, adult gifts and kid toys may lay about for a time for everyone to look at before they are put in a safe location.

Beware of these times just as when you first use something, whether you start up a new can opener or a new log splitter or three wheeler.

Remove the gifts and clutter and don't burn the paper in the fireplace

or wood heater to avoid a chimney fire.

DRIVING AND DRIVEWAYS: Check the driveway and be ready to instruct visitors on parking to avoid fender benders; so they won't be backing too much, possibly backing over a child.

Light driveways so visitors can see better, or have someone to direct parking and leaving in crowded times. Kids should ride bikes and powered vehicles in the recommended ways. Use helmets, stay out of the roadways, allow no extra riders, and use all other precautions.

Caution drivers who are going to back out of driveways to check for kids, toys or pets before backing; and tell everyone to buckle their seat belt, especially put little ones in safety seats. Check cars for safety and operating conditions before trips.

EMERGENCIES/FIRST AID: Have the smoke alarms working to protect all the guest space. Have fire extinguishers and water hoses ready for use and tell key people where they are.

Keep flashlights in cars and in every room. Have a safe source of emergency heat available. Keep emergency water and food available in case of bad weather or power outages.

Keep bandages and basic medications available, such as aspirin, antiseptics, and other basic medicines.

FOOD AND DRINKS: Store foods quickly to guard against food poisoning. Use caution while carving meat cuts and keep knives in a safe place. If alcoholic drinks are served or used, use discretion and care to avoid accidents due to intoxication and keep alcoholic drinks away from children.

SANTA POPULAR—A line of boys and girls waited their turn to visit with Santa at the Mollere Street Block party held Saturday night. Johnny Hozey holds his mother tightly as he is not too sure of the visitor from the North Pole. Santa provided candy to the youngsters. (Staff photo by Ellis Cuevas).

Library to present Christmas Story Hour

Pre-school children, ages three to six, are invited to attend Christmas Story Hour Thursday at 10:30 a.m. at the City-County Library on US-90. Christmas Story Hours will also be presented on Tuesday at the Kiln Library and Friday at the Waveland Library.

The carol 'We Wish You A Merry Christmas' begins the program, followed by a picture book version of the song by Tracy Campbell Pearson. 'We'll Hang Up Our Stockings,' a

finger play, will be presented between stories.

'The Christmas Box' by Eve Merriam is the second book.

'Jingle Bells' will be sung as well as 'Silent Night.'

'The Story of The Three Wise Kings' will be read next.

The filmstrip 'Morris' Disappearing Bag' will be shown and the program will conclude with the song, 'Santa Claus Is Coming To Town.'

SENSITIVE PARENTING

Most of us will soon embark on our annual toy-buying adventure. There are more than 150,000 individual toy products on the market, and more than 4,000 new items are introduced each year.

A large toy store or discount house will have everything from the very popular outer space creatures and

dolls to the inexpensive plastic toys and very expensive handmade or motorized toys. Be prepared before entering the store.

Before shopping, consider the child's interests, age and capabilities. Manufacturers often put suggested ages on the package but only as a guide. No two children are alike, so base toy selections on the individual child.

Look for good-quality toys. Playthings are the tools of the child's trade and should enhance

development. Some toys stimulate thinking; others help muscle or social development. Toys should allow the child to exercise imagination and creativity.

Be prepared to spend enough on a toy to get one that will last and withstand play. If a toy requires batteries, invest in several when making the initial purchase.

Check the warranty or guarantee either of the manufacturer or the store where you buy the toy. Quality control is extremely good in the large, well-known companies, but there are errors. You need to have some recourse if you happen to get a toy that is not perfect.

Try out every toy immediately upon getting it home, before you safely hide it until the big day ar-

rives. Nothing is more frustrating than a toy that won't work on Christmas morning.

Make certain every toy you buy is safe. Try to imagine what the child will or might do with it, and then visualize what might happen. If you have any doubts, return it and start over. Your intuition will probably be correct.

Above all, select toys that your child will have fun with. And remember to:

- Be aware that you can overload the child with toys. If you err in buying toys, do it by buying too few rather than too many.
- Beware of adult fascination with a toy or the way it is packaged. Remember, it's the child who should enjoy it—not necessarily the parent.

Give toy buying some thought

Christmas Seals help fight lung disease

Christmas Seals help fight lung disease in Mississippi, said Mrs. Elda Duke of Waveland, chairman of the Hancock County Chapter, Mississippi Lung Association.

Contributions to Christmas Seals are used in the Mississippi Lung Association's vast and varied programs to prevent and control lung diseases. The support of citizens of Hancock County is necessary to help Mississippi's Christmas Seal voluntary health organization provide help and hope for lung health today and in the future.

Christmas Seals are a tradition in Hancock County, fighting the year-round battle against lung diseases such as emphysema, asthma, chronic bronchitis, lung cancer, tuberculosis, lung diseases of the

newborn and occupational lung diseases. Christmas Seals programs also focus on medically recognized health hazards such as cigarette smoking and air pollution.

"Lung health for you, your family and friends is a matter of life and breath," Duke said. "The Christmas Seal People are asking you to take care of your lungs and help support MLA patient service, public information, education and medical research programs by answering your Christmas Seal letter."

Anyone needing additional Christmas Seals may contact the local chapter or the Mississippi Lung Association at P. O. Box 9065, Jackson, MS 39206.

ETV celebrates Christmas with holiday specials

Christmas is in the air—and on the air—on Mississippi ETV. Several holiday specials highlight the schedule on the 24th and 25th.

Mississippi ETV's new production, "Christmas at Merrehope," features classical guitar virtuoso Giovanni De Chiaro performing at the historic Merrehope house in Meridian at 7:30 p.m., Tuesday, Dec. 24. This program will be simulcast on ETV and Public Radio in Mississippi. De Chiaro's selections of various traditional carols include "Silent Night," a holiday stan-

dard that was originally performed on the guitar.

The settings for De Chiaro's selections are five different rooms at Merrehope, where lavishly decorated trees carry out different themes of Christmas.

For fans of "All Creatures Great and Small," a new Christmas special reunites the Farnons and the Herriots after the war. The 90-minute special can be seen at 11 a.m., Tuesday, Dec. 24, and at 8:30 p.m., Wednesday, Dec. 25.

At 12:30 p.m., Tuesday, Dec. 24,

childhood memories figure prominently in "Christmas Snows, Christmas Winds," which is set in a western farming community in the '40s.

A man remembers the joys of his boyhood Christmas—Mother's homemade cookies, presents under the tree in the inevitable snowfall.

"A Christmas Memory," written and narrated by the late Truman Capote, can be seen at 10 p.m., Wednesday, Dec. 25. The program recalls Capote's childhood in an autobiographical story about a

special relationship at Christmas time. Geraldine Page and Donnie Melvin star in this tale of friends who, despite their wide difference in age, share in traditional preparations for Christmas.

Several other Christmas programs are scheduled throughout the day and evenings during Christmas. Viewers may consult their ETV Guide or other local listings for details.

PRM frequently on the Gulf Coast is 90.3 FM.

Public radio plans Christmas specials

PRM, the radio division of Mississippi ETV, will air a variety of Christmas specials beginning Thursday, Dec. 19, at 9 a.m.

According to PRM Program Director Dave Miller, these Christmas specials are only a portion of the Christmas music to be played on PRM. The majority of the schedule will be devoted to secular and religious Christmas music.

From Rochester, Minn., "Christmas in the City of Healing" will air Dec. 19, at 9 a.m. The concert features the Rochester Men's Capella performing a repertoire of Christmas carols and motets from the Renaissance to the twentieth century.

On Friday, Dec. 20, at 9 a.m., "Songs of Christmas" will air featuring traditional songs and carols from throughout the world.

The "St. Olaf Christmas Festival Concert" will air Tuesday, Dec. 24, at 9 a.m. The renowned St. Olaf Choir and College Orchestra will perform favorite Christmas hymns and carols. At 7:30 that evening will be an ETV/PRM simulcast of "Christmas at Merrehope" from Meridian.

On Wednesday, Dec. 25, at 8:06 a.m., "Christmas Greetings from Bavaria" will air, marking the first Bavarian Radio Production for American Public Radio affiliates. The special is devoted to Bavarian Christmas traditions, complete with music and commentary on Bavarian holiday activities.

"Christians Awake," a production by the British Broadcasting Corporation, will air at 8:36 a.m. to be followed by "An Anthology of the Sacred Carol" at 9:06 a.m. This program features stories behind the world's best-loved Christmas carols combined with a one-hour guitar performance.

At 10:06 a.m., "A Christmas Card from the King's Singers" will air. The male voices of the King's Singers are joined by members of the St. Paul Chamber Orchestra in a program from the Spanish Renaissance to music and readings for a classic English Christmas.

At 1 p.m., PRM will present J. S. Bach's "Christmas Oratorio" in its entirety.

PRM frequently on the Gulf Coast is 90.3 FM.

MR. AND MRS. DAVID SCOTT MURRAY

Murray-Perniciaro

Mary Elizabeth Perniciaro and David Scott Murray were united in marriage on October 5 at Memorial Drive United Methodist Church in Houston, Tex. A reception followed immediately at Wesley Hall.

The bride is the daughter of Mr. and Mrs. Joseph Vincent Perniciaro of Bay St. Louis.

She is the granddaughter of the late Mr. and Mrs. Perniciaro Sr. of Bay St. Louis.

The groom is the son of Mr. and Mrs. David Roy Murray of Sherwood Park, Alberta, Canada.

He is the grandson of Mr. William Koroluk and the late Mrs. William Koroluk of Kamsack, Saskatchewan, Canada and the late Mr. and Mrs. Harry McDonald, of Vancouver, British Columbia, Canada.

Given in marriage by her father, the bride selected a gown of candlelight satin and embroidered Alencon lace with fitted bodice, dropped waist, and wedding-band neckline. Scalloped lace and pearls adorned the bodice and swept across the hemline into a cathedral-length train. Her veil of candlelight silk illusion was attached to a Juliet band of lace and pearls.

Maid of honor was Mrs. Pat Harris of Bay St. Louis, sister of the bride.

Bridesmaids included Carol Murray of Sherwood Park, Alberta, sister of the groom; and Sally Burford of Shreveport, La.

Miss Susanna Cameron of Bay St. Louis, niece of the bride, was junior bridesmaid.

The attendants were attired alike in slipper-length mauve dresses of soft chiffon.

Best man was Jim Flett of Edmonton, Alberta.

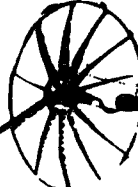

Groomsmen were Brent and Bruce Murray, twin brothers of the groom of Sherwood Park, Alberta.

Joseph Perniciaro Jr. of Atlanta, Ga., brother of the bride and Edward Perniciaro of Bay St. Louis, also brother of the bride, served as ushers.

Timothy Dahn of Beaumont, Tex., nephew of the bride, was ring bearer.

The bride is employed with Exxon Company, USA, in Houston where she is benefits coordinator in annuitant affairs within the employee relations department. The groom is in law school at South Texas College of Law in Houston.

On return from a honeymoon in Hawaii, the couple resides in Houston.

Rodgers-Calmes

Charlotte Dianne Calmes became the bride of David Holder Rodgers in a noon ceremony Thanksgiving Day, Nov. 28, at Clingmann's Dome in the Great Smoky Mountain National Park, Gatlinburg, Tenn. The Rev. Edwin W. Taylor III officiated at the double ring ceremony.

Parents of the bride are Mr. and Mrs. Stanley R. Calmes of Pass Christian. The groom is the son of Mr. and Mrs. Jack Rodgers of McHenry.

Given in marriage by her father, the bride wore a gown of white buttersoft deerskin, fringed in traditional Cherokee Maiden style, was accented with authentic deer antler buttons. The matching moccasins with their soft soles were trimmed in the same material and accentuated

the authenticity of the bride's gown.

She wore a headpiece of leather and antler bone, enhanced with cascading white feathers.

The bride carried a bouquet of white rosebuds and baby's breath enclosed in a nosegay of white leather and feathers.

Maid of honor was Linda Lipscomb of Baton Rouge and best man was Preston Blain of Biloxi.

Following the ceremony, a traditional Thanksgiving dinner was held at the Park Vista Hotel in Gatlinburg.

On their return from their wedding trip, the couple will reside in Biloxi.

ETV Brief

NEW SERIES

Larry Hagman hosts a new eight-part series about the state of Texas, "Lone Star," at 9 p.m., Thursdays, beginning Dec. 19, on Mississippi ETV. "Lone Star" is based on the book of the same name by T. R. Fehrenbach.

In the first program of the series, "Living the Legend," Hagman introduces an examination of the Texas mystique. Images of Texas—real and those manufactured in Hollywood—are seen as equally compelling and complex. The long and colorful history of Texas is shown to be the source of the mystique.

Bay tree lighting set

The Mayor and City Council of Bay St. Louis has set Monday, Dec. 16, at 5:30 p.m. for the annual Christmas Tree Lighting at City Hall.

Children of the community are asked to bring a personal ornament to hang on the tree.

Santa will arrive at City Hall (after a ride through the city) at 5:30 p.m., at which time he will say the magic words and place his hand upon the tree setting the lights aglow, officially commencing the celebration of the Christmas Holidays in Bay St. Louis.

Santa will speak with each child individually to hear their Christmas wish and will have a treat for each child.

The Mayor and City Council members ask all parents and children of the community to join with them in welcoming this most special holiday.

MR. AND MRS. DAVID SCOTT MURRAY

Murray-Perniciaro

Mary Elizabeth Perniciaro and David Scott Murray were united in marriage on October 5 at Memorial Drive United Methodist Church in Houston, Tex. A reception followed immediately at Wesley Hall.

The bride is the daughter of Mr. and Mrs. Joseph Vincent Perniciaro of Bay St. Louis.

She is the granddaughter of the late Mr. and Mrs. Perniciaro Sr. of Bay St. Louis.

The groom is the son of Mr. and Mrs. David Roy Murray of Sherwood Park, Alberta, Canada.

He is the grandson of Mr. William Koroluk and the late Mrs. William Koroluk of Kamsack, Saskatchewan, Canada and the late Mr. and Mrs. Harry McDonald, of Vancouver, British Columbia, Canada.

Given in marriage by her father, the bride selected a gown of candlelight satin and re-embroidered Alencon lace with fitted bodice, dropped waist, and wedding-band neckline. Scalloped lace and pearls adorned the bodice and swept across the hemline into a cathedral-length train. Her veil of candlelight silk illusion was attached to a Juliet band of lace and pearls.

Maid of honor was Mrs. Pat Harris of Bay St. Louis, sister of the bride.

Bridesmaids included Carol Murray of Sherwood Park, Alberta, sister of the groom; and Sally Burford of Shreveport, La.

Miss Susanna Cameron of Bay St. Louis, niece of the bride, was junior bridesmaid.

The attendants were attired alike in slipper-length mauve dresses of soft chiffon.

Best man was Jim Flett of Edmonton, Alberta.

Groomsmen were Brent and Bruce Murray, twin brothers of the groom of Sherwood Park, Alberta.

Joseph Perniciaro Jr. of Atlanta, Ga., brother of the bride and Edward Perniciaro of Bay St. Louis, also brother of the bride, served as ushers.

Timothy Dahn of Beaumont, Tex., nephew of the bride, was ring bearer.

The bride is employed with Exxon Company, USA, in Houston where she is benefits coordinator in annuitant affairs within the employee relations department. The groom is in law school at South Texas College of Law in Houston.

On return from a honeymoon in Hawaii, the couple resides in Houston.

Rodgers-Calmes

Charlotte Dianne Calmes became the bride of David Holder Rodgers in a noon ceremony Thanksgiving Day, Nov. 28, at Clingmann's Dome in the Great Smoky Mountain National Park, Gatlinburg, Tenn. The Rev. Edwin W. Taylor III officiated at the double ring ceremony.

Parents of the bride are Mr. and Mrs. Stanley R. Calmes of Pass Christian. The groom is the son of Mr. and Mrs. Jack Rodgers of McHenry.

Given in marriage by her father, the bride wore a gown of white butterscotch deerskin, fringed in traditional Cherokee Maiden style, was accented with authentic deer antler buttons. The matching moccasins with their soft soles were trimmed in the same material and accentuated

the authenticity of the bride's gown. She wore a headpiece of leather and antler bone, enhanced with cascading white feathers.

The bride carried a bouquet of white rosebuds and baby's breath enclosed in a nosegay of white leather and feathers.

Maid of honor was Linda Lipscomb of Baton Rouge and best man was Preston Blain of Biloxi.

Following the ceremony, a traditional Thanksgiving dinner was held at the Park Vista Hotel in Gatlinburg.

On their return from their wedding trip, the couple will reside in Biloxi.

ETV Brief

NEW SERIES

Larry Hagman hosts a new eight-part series about the state of Texas, "Lone Star," at 9 p.m., Thursdays, beginning Dec. 19, on Mississippi ETV. "Lone Star" is based on the book of the same name by T. R. Fehrenbach.

In the first program of the series, "Living the Legend," Hagman introduces an examination of the Texas mystique. Images of Texas—real and those manufactured in Hollywood—are seen as equally compelling and complex. The long and colorful history of Texas is shown to be the source of the mystique.

Bay tree lighting set

The Mayor and City Council of Bay St. Louis has set Monday, Dec. 16, at 5:30 p.m. for the annual Christmas Tree Lighting at City Hall.

Children of the community are asked to bring a personal ornament to hang on the tree.

Santa will arrive at City Hall (after a ride through the city) at 5:30 p.m., at which time he will say the magic words and place his hand upon the tree setting the lights aglow, officially commencing the celebration of the Christmas Holidays in Bay St. Louis.

Santa will speak with each child individually to hear their Christmas wish and will have a treat for each child.

The Mayor and City Council members ask all parents and children of the community to join with them in welcoming this most special holiday.

Time Of
Thankfulness

We are very proud of our place in the history of Bay St. Louis and the coastal area.

We wish to celebrate the Holiday Season as a "THANK YOU" for surviving a very trying hurricane year.

We are proud to be a part of a community that is strong and giving in difficult times.

Clubs, Auxiliaries

Crafty Homemakers

The Crafty Homemakers' Extension Club met on Monday, Dec. 9, in the Friendship Hall of the First Baptist Church on Main Street, Bay St. Louis. The meeting was opened with the Pledge of Allegiance followed by the devotional.

Mrs. Minnie Geiger gave the focus, low calorie meals during the Christmas holiday season.

The members filled jars with decorative bath salts for the Hotel Reed Nursing and Retirement Home.

Mrs. Beatrice Ladner introduced Christmas games for the members to play before lunch. Winners were Mrs. Minnie Geiger and Mrs. Roslyn Weathers.

The members exchanged Christmas gifts and then sat down to a covered dish lunch.

American Legion Auxiliary

Crafty Homemakers

The American Legion Auxiliary Unit 139 and the Crafty Homemakers' Extension co-sponsored a 'Sing-a-Long' at the Hotel Reed Nursing and Retirement Home on Thursday, Dec. 5. The Music was supplied by Mrs. Oris Planchard, and Mrs. Roslyn Weathers led the singing. The residents enjoyed the Christmas carols that were played.

Bay-Waveland Garden Club

The general meeting of the Bay-Waveland Garden Club was held Thursday, Dec. 12, at the Garden Center, 114 Leonhard Avenue, Bay St. Louis. The president, Mrs. John Newkirk, called the meeting to order. The devotion was given by Mrs. Waldo Otis, followed by the Pledge of Allegiance to the flag.

The skit put on by garden club members at North Bay Elementary and Waveland Elementary schools was very successful in creating interest in the Smokey Bear and Woodsy Owl Environment Poster Contest. Many posters dealing with environmental conservation such as anti-litter, pollution, etc., were submitted by students.

On Monday, Dec. 9, Mrs. Thomas B. Murphree presented cash awards to Reish Strom, first place; Helen Penrose, second place; and Ross Johnson, third place, at Waveland Elementary.

At North Bay Elementary she presented cash awards to David Flowers, first place; Michelle Ellis, second place; and Shelly Brower, third place. Each school was given books "Tools for Teaching" to be used as an instructional aid in environmental control.

Mrs. Matt Hunter gave a humorous report on the Monstera plant, a variety of Philodendrum, which has grown to monster size in her yard.

Mrs. Joseph S. Crowley announced that judging will begin on Dec. 19 for the Christmas Decoration Contest sponsored by the Bay-Waveland Garden Club in Bay St. Louis and Waveland. Mrs. Dale Gauthier reported progress is being made on the beautification of the area around the new annex to the county courthouse on Main Street.

The Commercial Beautification award was given to the Peoples Federal branch on Highway 90 in Waveland. Dr. and Mrs. Thomas B. Murphree, 102 Mollere Drive, Waveland, and Mr. and Mrs. J. E. Loiacano Jr., 725 Dunbar, Bay St. Louis, were presented the Garden of the Month awards for December. Mr. and Mrs. I. J. Meggs, 1245 Longo St., Waveland, had been presented the award for that city in November.

Forms have been placed in the Bay St. Louis and Waveland Public Libraries for the registration of any trees three feet in diameter or more. Instruction sheets for filling out the forms accompany them. Floral arrangements have been placed in the Bay St. Louis Library by Mrs. Dale Gauthier and in the Waveland Library by Mrs. Kenneth K. McKenna.

Members brought gifts for the residents of the Retardation Center in Long Beach and a gift-wrapping contest was held. Mrs. Henry Brokmeier won first place, Mrs. Richard St. Pe', second place, and Mrs. Neil Jeffrey, third place.

Mrs. Clarence Evans announced two new members of the Bay-Waveland Garden Club are Mrs. Rose Uram and Mrs. Nola Brennan.

Following the meeting a Christmas Tea was hosted by Mrs. Spurgeon C. Crosby, Mrs. Edward Brennan, Mrs. John Schott, Mrs. Gerard Ford, Mrs. Russell Lanham, Mrs. W. B. Follansbee, Mrs. Irwin Cucullu, Mrs. Van Schultz, Mrs. Jack R. Hively and Mrs. Larry Martin.

Club and table decorations were done by Mrs. Edward Brennan, assisted by Mrs. Russell Lanham and Mrs. Jack Hively.

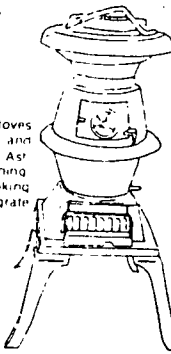

The High School Gardeners, under the supervision of Mrs. John Holmes, had decorated a Christmas tree for the Garden Center. Mrs. J. R. Autenreith served punch and Mrs. Spurgeon Crosby served coffee.

24-HOUR EMERGENCY CARE

When accidents happen or illness strikes, the need for prompt, expert medical care can be critical.

Now you can have peace of mind, knowing that 24-hour emergency care is only minutes away.

NorthShore Regional Medical Center offers complete round-the-clock emergency medical services:

•The only ambulance service on the North Shore with 24-hour coverage by national registered paramedics, from the emergency site to the hospital. Registered paramedics are specialists in recognizing and responding to life-threatening crises.

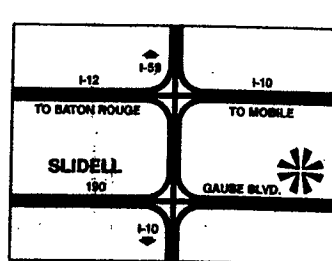

•A highly skilled, caring emergency and trauma staff, backed by our medical staff of leading area physicians.

•State-of-the-art equipment in ambulances and the Emergency Room.

Another advantage: tiered-pricing. Tiered-pricing means that you pay only for the degree of care you require.

Unlike most hospitals, NorthShore does not charge a flat fee for Emergency Room admissions. In other words, a sore throat doesn't cost you as much as a serious fracture.

For yourself and your loved ones, remember NorthShore's 24-Hour Emergency Care Ambulance Service: 646-5050. Outside Louisiana, call toll-free: 1-800-344-6695.

1 mile south of the I-10, I-12 and I-59 intersection. Adjacent to the Gauss Blvd. (190) exit, east of I-10.

TREES TRIM-
MED-REPAIR YOUR
WIND damaged trees.
Broken limbs removed or
trimmed as required.
Damage areas of hardwood
trees coated. The time to
have your trees trimmed is
now, during their dormant
period, as the weather
turns cold and the insect
population becomes
decimated. Reasonable
rates and superior service.
